About us, Rumblefish Adventure PADI 5 STAR IDC Center

Find out more about our 2025 Pro team here:

<http://rumblefishadventure.com/about-us/rfa-team/>

We have been training PADI divers and instructors in Phuket's serene Kata Beach since 2003. Our current founders started their lives as PADI dive instructors back in 2001 right here in this little town. Known for our friendliness, knowledgeable PADI standards, flexible training option, approachable staff and honesty, the Rumblefish Pro Team have provided recreational and professional dive training to thousands of successful divers over the past 20+ years.

Learn more about our Founder and Course Director, in his 23 years journey as a PADI Dive Instructor:
https://rumblefishadventure.com/wp-content/uploads/2024/08/Report_-23-years-journey-as-a-Dive-Instructor.pdf

We treat our guests like family and friends, and we remember almost every single diver who came to train and dive with us, no matter how long ago they last visited. Our professional PADI Instructors will help our divers (no matter if the issues are significant or casual). You also can rely on our operation team to assist with translation, local travel advice, Thai visa issue, adjustment to life in Phuket, recommendations for food or accommodation. Our managers have been the first phone call for many of our former guests and students in need of assistance with traffic accidents, legal issues with local authorities and/or minor crime offenses from lack of knowledge.

We are one of the original Founding Members of [GoEco Phuket](#) Volunteers Association. We also support the following local NGO for all of their activities:

[Trash Hero Phuket](#) (Underwater Clean-up organizer)

[Green Fins Thailand](#) Member

Corals Watch Monitor of Kata Beach Reef North

Spot the Leopard Sharks Project

Adopt the Blue with [PADI AWARE Foundation](#)

From 1st November to 30 April, our house reef at Kata Beach is our main office. We conduct DSD, OW training dives, Advanced, Rescue Training exercises, DM training and IDC at this shore dive site. We partnered and shared spaces with 3 spacious day trip boats to all of Phuket & Phi Phi Marine Park dive sites daily when we have boat trips. And, we currently provide training, interns and dive staff for three Liveaboard fleets: MV Koon 9 Power Yacht, Sea Dragon Dive Center's MV Andaman and Explorer boats and Similan Seven Seas Club with trips to the Similans, Surin Marine Parks in the North and Hin Daeng & Koh Ha Marine Parks in the South.

During our summer months (May to October), we teach and dive from dive boats to the Raya Islands, Phi Phi Marine Park or the Shark Point Sanctuary. Summer dive trips are normally full day, so working hours on boat trips start from 7AM until the boat returns to pier (4-7PM depending on destination) and then clean-up after. On boat trips, breakfast and lunch are provided. At the dive center, we usually have lunch together, with meals cooked freshly by our in-house staff.

We are recommended by the [Lonely Planet](#) paper guide for Thailand and many unsolicited reviews about us are also found on [Facebook](#), [Google Business](#) and [Tripadvisor](#).
